Pre-Campaign Teaser

Date: Oct 1, 2025

Subject Line:

Cybermon is coming...are you ready?

Body:

Hey [User's Name],

Cybermon returns this October - and this time, they've been upgraded by AI.

Starting October 6, you'll face four evolved monsters representing today's most dangerous vulnerability categories.

Beat each one by completing 3 activities weekly on the Secure Code Warrior platform and earn your badge. Defeat all four for the title of Cyberhero, or go beyond to defeat their Prime forms and claim Cyberhero Prime status.

Week 1 Announcement

Date: Oct 6, 2025

Subject Line:

Cybermon Week 1: Can you outsmart Promptgeist?

Body:

Hey [User's Name],

The first Cybermon is here. This week's threat is Promptgeist - a master of manipulation that rewrites AI instructions and hijacks outputs with stealthy prompts.

To defeat it, complete 3 secure coding activities this week. Then, if you are up to the task, take on its Prime version by completing the boss-level mission.
